Analysis Pipeline

This report was generated by the EcoPatent Analyzer AI agent. The analysis pipeline included the following steps:

1. **Classification** — TRIZ principles identified from patent claims
2. **Summary** — AI-generated concise patent summary
3. **Questions** — Suggested research questions
4. **Report** — LaTeX-compiled PDF document

TRIZ Classification Results

The following TRIZ principles were identified for this patent:

No.	TRIZ Principle	Description
1	Segmentation	
2	Extraction	
<i>Continued</i>		

Patent Summary

Test summary.

Suggested Questions

The following questions can help explore this patent further:**Q1?** **Q2?**
